

REMARKS

The amendments to the specification are made to correct inadvertent and obvious errors.

The amendment at page 15, line 8 (replacing "molecular weight" with --particle size--) is a translation error which is clearly seen from the description on the same line, that is "from about 0.01 μm to about 1 μm ". The amendment at page 15, line 11 find support at page 17, lines 20-22 of the specification. No new matter has been entered. Entry and consideration of this Preliminary Amendment are respectfully requested.

Respectfully submitted,
